INTRODUCTION

Final figures from the 1961 Housing Census are shown in this report which is one of a series comprising Volume II (Part 2) of the 1961 Census. Occupied dwellings are classified by number of rooms, number of bedrooms, and number of persons per room, for:

- (i) provinces, rural farm, rural non-farm, and urban size groups (Tables 20, 25, 30);
- (ii) counties and census divisions (Tables 21, 26, 31);
- (iii) incorporated cities, towns and villages of 5,000 and over, and other municipal subdivisions of 10,000 and over (Tables 22, 27, 32);
- (iv) census metropolitan areas (Tables 23, 28, 33);
- (v) other major urban areas (Tables 24, 29, 34).

Data in this report are based on a 20 p.c. sample of dwellings from which hotels, large lodging houses, institutions, camps and other such collective-type dwellings are excluded. Due to sampling variation, estimates of less than 100 are not shown, but are indicated by the symbol (--) .

Definitions

Dwelling: For census purposes, a dwelling is defined as a structurally separate set of living quarters, with a private entrance either from outside the building or from a common hall or stairway inside. The entrance must not be through anyone else's living quarters.

Room: Only rooms used or suitable for living purposes in the dwelling (including rooms occupied by servants, lodgers, or members of lodging families) are counted. Sun rooms, summer kitchens, recreation rooms, attic rooms, etc. are counted as rooms only if they are finished off and suitable for year-round living quarters. Not counted as rooms are: bathrooms, clothes closets, pantries, halls, or rooms used solely for business purposes.

Bedroom: Any room designed and used primarily for sleeping purposes is considered a bedroom even though the use may be occasional as in the case of a "spare" bedroom.

The following statement shows the numerical and percentage distribution of occupied dwellings by number of rooms per dwelling for the years 1961, 1951 and 1941.

This report is one of a series comprising Volume II (Part 2) of the 1961 Census. (See outside back cover for other Volume Series.) Reports in these series are so prepared that, by removal of the covers, the contents can be combined to form the materials of each census volume. A hard-covered binder, suitably titled, is supplied to purchasers of the complete set of reports for any given volume.

Individual reports of Volume II (Part 2) are listed below. They can be ordered singly by catalogue number, or the complete set including the cover binder at a composite price of \$6.00. Orders may be sent to **Publications Distribution, Dominion Bureau of Statistics**, or to **Superintendent of Publications, Department of Public Printing and Stationery, Ottawa**. Regulations require that remittance be made prior to the mailing of reports, in the form of a cheque or money order payable to the **Receiver General of Canada**. Orders for reports not yet released will be filled as soon as they become available.

A brochure is available listing the individual reports for other Volume Series of the 1961 Census, as well as special reports, etc. For a copy of this brochure, or for further information on census publications, address your inquiry to the **Information and Public Relations Division, Dominion Bureau of Statistics**.
